

Lord Jesus Christ would be seen more often by the people around us if we would serve Jesus as Mama Sue does. I have seen her faithfully serving Jesus for many years. Mama Sue has a big heart which she shares with many children from Moldova. Every day at camp I learned from her patience, giving, love, peace and following Christ. I would like to learn to serve Jesus just as she continually does. I saw how every day she used to throw her bread on the water and I think that at the right time God will give it back to her. I love you Sue and I will continue to pray for you and your family.
